

Product type designation

TS MODULE GSM

TS module GSM; GSM/GPRS modem for TS adapter; TeleService via public GSM network; Observe national approval; for Use with the TS adapter (6ES7972-0EB00-0XA0) for Teleservice applications via public GSM network

Interfaces

Number of interfaces / acc. to Industrial Ethernet 0

Supply voltage, current consumption, power loss

Supply voltage 19.2 ... 28.8 V

Accessories

Security information

Security information

Siemens provides products and solutions with industrial security functions that support the secure operation of plants, solutions, machines, equipment and/or networks. They are important components in a holistic industrial security concept. With this in mind, Siemens' products and solutions undergo continuous development. Siemens recommends strongly that you regularly check for product updates. For the secure operation of Siemens products and solutions, it is necessary to take suitable preventive action (e.g. cell protection concept) and integrate each component into a holistic, state-of-the-art industrial security concept. Third-party products that may be in use should also be considered. For more information about industrial security, visit <http://www.siemens.com/industrialsecurity>. To stay informed about product updates as they occur, sign up for a product-specific newsletter. For more information, visit <http://support.automation.siemens.com>. (V3.4)
